

THE ECONOMIC VALUE TO TEXAS OF TEXAS A&M UNIVERSITY

Fiscal year of analysis 2018 - 2019

Published May 2020

Texas A&M University (Texas A&M) creates a significant positive impact on the business community and generates a return on investment to its major stakeholder groups—students, taxpayers, and society. Using a two-pronged approach that involves an economic impact analysis and an investment analysis, this study calculates the benefits received by each of these groups. This analysis covers all university components in Texas, including the Galveston Branch Campus, School of Law, and all Health Science Center activities. Results of the analysis reflect fiscal year (FY) 2018-19 (September 1, 2018 to August 31, 2019). An electronic version of the executive summary and fact sheet are available at: economicimpact.tamu.edu.

IMPACT ON THE BUSINESS COMMUNITY

During the analysis year, Texas A&M's spending on operations and research, its entrepreneurial activities, and the spending of its students and visitors added **\$3.1 billion** in income to the Texas economy. When also accounting for former students, the impact sums to a value approximately equal to **\$9.1 billion** in total income to the Texas economy, approximately **0.5%** of the state's total gross state product (GSP). By comparison, this impact from the university is nearly as large as the entire Arts, Entertainment, & Recreation industry. Expressed in terms of jobs, Texas A&M's impact supported **110,682 jobs**. The economic impacts of Texas A&M break down as follows:

OPERATIONS SPENDING IMPACT

- Texas A&M employed 15,930 full-time and part-time faculty and staff in FY 2018-19 (less research).

Payroll amounted to **\$854 million**, much of which was spent in the state for groceries, clothing, and other household goods and services. The university spent another **\$563.5 million** to support its day-to-day operations (less research).

- The net impact of Texas A&M payroll and expenses (less research) in Texas during the analysis year was approximately **\$432.9 million** in total income. This is equivalent to supporting **8,784 jobs**.

RESEARCH SPENDING IMPACT

- Research activities at Texas A&M impact the state economy by employing people and making purchases for equipment, supplies, and services. They also facilitate new knowledge creation in Texas through inventions, patent applications, and licenses. In FY 2018-19, Texas A&M spent **\$417.1 million** on payroll and **\$535 million** on other expenses to support research activities.

- Texas A&M's research spending generated **\$976.4 million** in total income for the Texas economy, which is equivalent to supporting **14,973 jobs**.

CONSTRUCTION SPENDING IMPACT

- Texas A&M commissioned contractors to build or renovate its facilities, create additional capacities, and meet its growing educational demands, generating a short-term infusion of spending and jobs in the state economy.
- The net impact of Texas A&M's construction spending in FY 2018-19 was **\$119.2 million** in total income for Texas, which is equivalent to supporting **1,801 jobs**.

START-UP AND SPIN-OFF COMPANY IMPACT

- Texas A&M creates an exceptional environment that fosters innovation and entrepreneurship, evidenced by the number of start-up and spin-off companies created by Texas A&M.
- In FY 2018-19, Texas A&M's start-up and spin-off companies generated **\$1.1 billion** in total income for the Texas economy, which is equivalent to supporting **10,109 jobs**.

STUDENT SPENDING IMPACT

- Around **15%** of credit-bearing students attending Texas A&M originated from outside the state. Some of these students, called relocator students, moved to Texas. In addition, a number of students would have left the state if not for Texas A&M. These relocater and retained students spent money on groceries, transportation, rent, and so on at state businesses.
- The expenditures of relocater and retained students during the analysis year added approximately **\$313.3 million** in total income to the Texas economy. This is equivalent to supporting **6,486 jobs**.

VISITOR SPENDING IMPACT

RETURN ON INVESTMENT TO STUDENTS, TAXPAYERS, AND SOCIETY

STUDENT PERSPECTIVE

- Texas A&M's FY 2018-19 students paid a present value of **\$729 million** to cover the cost of tuition, fees, books, supplies, and interest on student loans. They also forwent **\$1 billion** in money that they would have earned had they been working instead of attending.
- In return for the monies invested in the universities, students will receive a present value of **\$7.2 billion** in increased earnings over their working lives. This translates to a return of **\$4.12** in higher future earnings for every dollar students invest in their education. The students' average annual rate of return is **14.9%**.

TAXPAYER PERSPECTIVE

- In FY 2018-19, state and local taxpayers in Texas paid **\$626.4 million** to support the operations of Texas A&M. In return, they will benefit from added tax revenue, stemming from students' higher lifetime earnings and increased business output, amounting to **\$1.7 billion**. A reduced demand for government-funded services in Texas will add another **\$373 million** in benefits to taxpayers.
- Dividing benefits to taxpayers by the associated costs yields a **3.3** benefit-cost ratio, i.e., every dollar in costs returns \$3.27 in benefits. The average annual return on investment for taxpayers is **9.0%**.

SOCIAL PERSPECTIVE

- Society as a whole in Texas will receive a present value of **\$26.3 billion** in added state revenue over the course of students' working lives. Society will also benefit from **\$1.1 billion** in present value social savings related to reduced crime, lower unemployment, and increased health and well-being across the state.
- For every dollar invested in Texas A&M in FY 2018-19, people in Texas will receive **\$7.50** in return, for as long as Texas A&M's FY 2018-19 students remain active in the state workforce.
